LONG U-SHAPED SPACERS

2. DESCRIPTION

- U-shaped spacers with a central notch, designed for various mounting and installation applications, particularly doors and windows.
- Stable overlapping thanks to a patented clip that securely locks two or more spacers, preventing slippage (only for 3-5-6-10 mm spacers) .
- U-shape for easy installation and fitting.
- Wedge-shaped tips for easy insertion into tight spaces.
- Comb grid to facilitate locking the spacer in the desired position with screws or dowels.
- Different colors for easy identification.
- Thickness size printed on each piece.

3. UTILIZZO

Perfect for professional shimming with screws and dowels.

Ideal for support and leveling in various applications where a simple and practical accessory is needed.

Suitable for load transfer and weight distribution during windows and doors installation.

4. VOCI DI CAPITOLATO
