SHORT U-SHAPED SPACERS

2. DESCRIPTION

- U-shaped spacers with a central notch, designed for various mounting and installation applications, particularly doors and windows.
- U-shape for easy installation and fitting.
- Wedge-shaped tips for easy insertion into tight spaces.
- Central notch with three sizes to simplify fitting with screws and dowels.
- Stackable to compensate for uneven surfaces.
- Different colors for easy identification.
- Thickness size printed on each piece.

3. USE

Ideal for support and leveling in various applications where a simple and practical accessory is needed.

Perfect for professional shimming with screws and dowels.

Suitable for load transfer and weight distribution during windows and doors installation.
