2. DESCRIPTION

Screw-on disposable elements, are used in conjunction with levelers (Quick Level, Simply Level, Lite Level and Rush Level) and make it possible, quickly and easily, to rectify any unevenness when laying between tile and tile, thus achieving coplanar and equidistant laying.

The working range is very wide with tiles from 3 to 24 mm (22 mm with scratch-resistant disc).

LINEAR Screw Spacers are available in sizes for 1, 1.5, 2, 3 mm joints, and Cross and T Screw Spacers in sizes for 1, 2, 3 mm joints.
