ARKIMEDE 24 - DECKING | SELF-LEVELING

2. DESCRIPTION

Arkimede 24 Self-Leveling Decking is the perfect solution for exterior raised decking (with both natural and composite wood).

This product combines the flexibility and great ease of use of the Arkimede line (with fixed head) with the advantage of an integrated self-levelling head (for slopes from 0 to 5%).

It is adjustable in height from 24 to 42 mm (with the included 9 mm extension) and can be combined with all Arkimede 18 decking accessories.

3. USE

Used in outdoor areas, terraces, shared pavements

4. FIELDS OF USE

The Arkimede 24 self-leveling fo decking can be used in outdoor areas, terraces, shared flooring.

With the appropriate extensions, the height of the Support can be extended.
